

Indian Railways plans Rs. 18,000 cr green power push

-: Trinity Mirror Online Team :-

In what could become one of the largest renewable energy procurement exercises undertaken by any public sector entity in India, Indian Railways is preparing to float bids for 3 gigawatt (GW) green energy projects worth around Rs 18,000 crore in the next fiscal year. The ambitious move signals not just an infrastructure upgrade but a planned tender is part of the transporter's larger vision to become a net-zero carbon emitter by 2030. Beyond environmental commitments, the initiative reflects a deep understanding of operational economics. Officials estimate that transitioning to renewable power could save the railways up to Rs 1 trillion in energy costs by the end of the decade - a crucial factor for an organisation whose electricity consumption is projected to surge from about 21 billion units today to nearly 72 billion units by FY30.

The upcoming projects will be developed on railway land parcels, station rooftops across nearly 8,000 stations, and along railway tracks - leveraging one of the largest land banks owned by any public institution in the country. Execution will be overseen by Railway Energy Management Company Limited, the joint venture between the national transporter and RITES Limited.

With more than 99 percent of the railway network already electrified - covering over 69,000 route kilometres - the focus is now shifting from electrification to sourcing cleaner electricity. The railways currently have an installed renewable capacity of about 390 MW and have secured roughly 2 GW of power purchase agreements, with tariffs averaging around Rs 4.5 per unit.

The proposed 3 GW round is expected to emphasise hybrid solar-wind systems backed by energy storage to ensure round-the-clock supply. Such projects are designed to replace costlier thermal power procurement while ensuring operational reliability - a critical requirement for a network that runs continuously.

Most green power projects will be executed under developer mode through long-term power purchase agreements, though innovative public-private partnership structures like the design-build-finance-own-operate (DBFOO) model are also being explored for solar parks. This reflects a broader trend of public infrastructure players leveraging private sector expertise to accelerate deployment while managing capital expenditure.

Crucially, the railways aim to unlock value from idle land - over 60,000 hectares or roughly 12 percent of its holdings.

International examples demonstrate how underutilised transport assets can drive the green transition.

Rail networks worldwide have embraced renewable energy integration. Countries such as Poland and Austria have invested in environmentally friendly railway operations. Japan has incorporated solar, geothermal, hydro, and wind power into its rail systems, while Netherlands runs passenger trains using wind energy. France has introduced hydrogen-powered trains. These examples underline the strategic logic behind India's own transition toward green mobility.

India's renewable energy capacity has already crossed 253 GW, with solar and wind accounting for the bulk.

The railways' plan to procure up to 20 GW of green power by 2030 could significantly accelerate demand for hybrid renewable projects and storage solutions, thereby influencing market dynamics and investment flows across the power sector.

TN leads in decarbonisation

For Tamil Nadu, a state already at the forefront of wind and solar development, the railways' green energy expansion may open opportunities for developers, equipment suppliers, and infrastructure players. It also aligns with the broader national roadmap

toward long-term decarbonisation while balancing economic growth and sustainability.

As one of the country's largest electricity consumers and landholders, the national transporter is uniquely positioned to drive India's next phase of renewable expansion. If executed effectively, the upcoming tender could become a blueprint for low large public institutions transition toward clean energy

at scale - combining environmental responsibility with financial efficiency.

More than a procurement exercise, the initiative reflects a structural shift in how public infrastructure views energy - not merely as a cost centre but as a strategic lever shaping the future of mobility, sustainability, and national development.

A business delegation comprising Shivaraman, Cluster Head; Lajju, Regional Head (Bengaluru); Abhirahad Nahar, CMD of Ad Bureau Advertising Pvt Ltd; Dhiraj Relli, MD & CEO of HDFC Securities and Madhulaba Nahar, FCA and Director of Ad Bureau Advertising, visited Nahar House for a business interaction and strategic discussions. The visit focussed on strengthening professional collaborations, exploring growth opportunities, and exchanging insights on evolving business and financial trends. Senior executives engaged in discussions aimed at fostering partnerships and enhancing industry engagement across sectors.

FICCI, Mercedes Benz to drive innovations

New Delhi: Industry body FICCI and Mercedes-Benz India have positioned their Bhant Innovation & Business Ideas Challenge as a catalyst for India's next wave of deep-tech and sustainable entrepreneurship, as the 2026 edition concluded with six start-ups emerging as winners.

Launched in December 2025, the national initiative was designed to identify and mentor high-potential startups across manufacturing, sustainability, decarbonisation, electric mobility and education. From 32 shortlisted finalists, the jury selected CarbonM Fuelmax Technology Private Limited, Exobot, AnnuCycle, Dexent Robotics Private Limited, CALEX RINGERS PRIVATE LIMITED and X Able as winners.

Addressing the award ceremony here, Vyankatesh Kulkarni, Executive Director and Head of Operations at Mercedes-Benz India,

said innovation in India has evolved into a national strength driven by curiosity, courage and problem-solving.

He noted that the programme reflects the company's commitment to nurturing responsible entrepreneurship and collaborating with emerging innovators to shape the future of mobility and sustainable industry.

Kulkarni said the shortlisted startups demonstrated not only technological depth but also a strong sense of purpose in addressing real-world challenges. Their solutions, he added, have the potential to transform industries and enhance India's global competitiveness in advanced technologies.

Emphasising the role of industry platforms, FICCI said the initiative was conceptualised to bridge the gap between startups, investors, corporates and policymakers. By providing visibility, mentorship and

financial incentives, the programme aims to create scalable business models aligned with India's long-term development priorities.

The event also saw the announcement of a Rs 10,000 crore Fund of Funds for Startups by the government, a move welcomed by industry leaders as a significant boost to capital access for emerging ventures. Representatives from FICCI and Mercedes-Benz India said such policy support, combined with structured corporate engagement, can accelerate the growth of innovation-led enterprises.

The ceremony brought together policymakers, industry leaders, investors and entrepreneurs, reinforcing the importance of sustained public-private collaboration in driving India's innovation journey and advancing the vision of Viksit Bharat @2047.

B POPATLAL KOTHARI
 MANAGING DIRECTOR

PLACE: CHENNAI
 DATED: 14.02.2026

Jerusalem College of Engineering (JCE), Chennai, organised Linguistica, a literary and cultural event, under the joint banner of the Halescy Club at the college auditorium on January 31, 2026. The programme began with an inaugural function at 9 a.m., with Padmaja Shivkumar, Regional Manager — Product and Recognition (English), Cambridge University Press and Assessment, as the chief guest. In her address, she highlighted the importance of language proficiency and effective communication in academic and professional life.

The event was presided over by M. Mala, managing trustee and chairperson of Jerusalem College of Engineering, and was attended by Trust Secretary G. Manikandan, trust member and chief executive officer Rakesh Kumar, and Principal S. Sathiyamoorthy, who encouraged students to actively engage in co-curricular activities alongside academics. Students participated in various language-based and literary activities organised by the Halescy Club, showcasing creativity and communication skills. The valedictory function held at 2 p.m. featured speaker and comedian Erode Mahesh as chief guest, whose address focused on the role of language in personal and professional growth. The event was coordinated by J. Rajesh Pushpa and D. Charley Samuel, with support from student coordinators V. S. Haimrish and P. Aparna, and concluded on a successful note.

Saksham 2026: Oil & gas conservation fortnight

Chennai, Feb. 3: Shunchomgam Jatak Chiru, principal secretary to Government, presided over the inaugural function of the Oil & Gas Conservation Fortnight event 'Saksham 2026', held today in Chennai. The event was organised in the presence of M. Anna Durai, Executive Director & State Head, TNSO, IndianOil, and State Level Coordinator for the Oil Industry in Tamil Nadu and Puducherry, along with senior officials from various public sector oil companies.

The fortnight-long Oil & Gas Conservation Campaign is being organised across Tamil Nadu and Puducherry by the PSU Oil Companies under the guidance of the Ministry of Petroleum & Natural Gas (MoPNG), with the objective of promoting energy efficiency and sustainable fuel usage among the public.

Addressing the gathering, Shunchomgam Jatak Chiru emphasised

that grassroots-level awareness is crucial for encouraging responsible energy consumption. He urged citizens to adopt simple conservation practices, such as switching off vehicle engines during idle time and following the principles of reduce, reuse and recycle. Highlighting the increasing adoption of electric vehicles, he also stressed the need for wider promotion of clean and sustainable mobility solutions.

Speaking on the occasion, M. Anna Durai said that the responsibility of oil and gas conservation rests on the shoulders of every citizen. Addressing students in particular, he noted that the younger generation is often more informed than their parents and can play a key role

in spreading awareness and leading energy conservation efforts within families and communities. Several senior officials from the oil and gas sector were present at the event, including S.K. Ravikumar, CGM (Operations), IOCL; Narayanasamy N. State Head, LPG-TN & Puducherry, BPCL; Harpreet Singh Tuteja, CGM, Retail, South Zone, HPCL; K. Ashok, Zonal General Manager, South Zone, GAIL; B. Srinivasan, DGM (Process Engineering), CPCL; and K. Eswaran, CGM & Head (Procurement), ONGC.

The event marked a strong start to Saksham 2026, reinforcing the collective commitment of government, industry and citizens towards a more energy-efficient and sustainable future.

Budget focus on fiscal discipline: NSE chief

Mumbai, Feb. 3: Welcoming the Union Budget 2026-27, NSE managing director & CEO Ashish Kumar Chhabra said the Budget reinforces that strong economic growth and fiscal discipline can progress together. He noted that the reduction in fiscal deficit to 4.3% of GDP and easing of debt levels signal macroeconomic stability and policy credibility for investors. He highlighted the 12% increase in public capital expenditure to Rs.12.2 lakh crore as a key driver for infrastructure-led growth and private investment. Chhabra also welcomed measures to deepen financial markets, including calibrated changes to derivatives taxation, PSU asset monetisation via REITs, bond index derivatives, and improved corporate bond market-making. Emphasis on future-ready sectors such as AI, semiconductors, advanced manufacturing and biopharma, along with reforms to attract FPIs and NRI participation, would support innovation-led growth and strengthen India's journey towards the VISION Bharat 2047, he added.

Chhabra also welcomed measures to deepen financial markets, including calibrated changes to derivatives taxation, PSU asset monetisation via REITs, bond index derivatives, and improved corporate bond market-making. Emphasis on future-ready sectors such as AI, semiconductors, advanced manufacturing and biopharma, along with reforms to attract FPIs and NRI participation, would support innovation-led growth and strengthen India's journey towards the VISION Bharat 2047, he added.

DAC onboards A.R. Rahman as brand ambassador

Chennai, Feb. 3: DAC Developers marked a major milestone by appointing legendary composer and global music icon A.R. Rahman as its brand ambassador, coinciding with the launch of around 1000 new homes across five key locations in Chennai. The announcement was made during a special event held in the city, attended by A.R. Rahman, highlighting the company's growing ambition and expanding footprint in the real estate sector.

The newly launched residential projects are spread across prominent growth corridors, including Kattupakkam in Porur, Sunguvarachattam along the Chennai-Bengaluru Highway, Kumananchavadi near Porur Ramachandra, Sholinganallur, and Sinteron on the Old Mahabaliapuram Road. These developments reflect DAC Developers' focus on strategically located, future-ready housing that caters to modern urban lifestyles.

This association represents a significant step in strengthening DAC Developers' brand identity as a modern, reliable, and globally inspired real estate company. By partnering with A.R. Rahman, the company reinforces its commitment to innovation, integrity, and world-class living standards, aligning its vision with a personality admired worldwide for excellence and creativity.

S. Sathish Kumar, Managing Director of DAC Developers, expressed his pride in welcoming A.R. Rahman to the DAC family. He noted that the composer's global stature, creative brilliance, and social grounding in Indian values closely resonate with the company's philosophy of building not just structures, but inspiring living spaces that offer enduring value and superior quality.

Sharing his thoughts on the collaboration, A.R. Rahman said that a home is the birthplace of dreams and emotions. He expressed happiness in beginning a new association with DAC Developers, describing the company as one that builds homes with care and passion, much like creating music from the heart, and conveyed his confidence that DAC would create harmonious and joyful living spaces.

As part of this collaboration, A.R. Rahman will feature as the face of DAC Developers' upcoming campaigns across digital, print, outdoor, and television platforms. Founded in 2014, DAC Developers has grown into a leading Chennai-based construction company with over 110 projects, more than 45 lakh square feet of construction, and over 3,000 satisfied homeowners. With a strong emphasis on transparency, customer trust, thoughtful design, and quality construction, the company continues to redefine urban living by offering well-planned homes that combine comfort, accessibility, and aesthetic excellence.

Malabar Group expands micro learning centres

Chennai, Feb. 3: Malabar Group is expanding its Micro Learning Centres (MLCs) to more states and regions to rehabilitate street children and help them return to formal education.

The initiative provides basic learning support, structured care and rehabilitation to children affected by social and economic challenges, enabling their reintegration into mainstream schooling.

As part of the expansion, a week-long training programme for State and zonal coordinators and volunteers is underway at the Malabar Group headquarters in Kozhikode. The programme aims to develop a structured roadmap for scaling the MLC model and strengthening operations across existing centres.

The MLCs function under Malabar Group's flagship CSR initiative, Hunger Free World, which addresses hunger and educational deprivation among vulnerable children. The programme supports children living on the streets, engaged in forced labour or school dropouts by providing nutritious meals, basic education and assistance to re-enter formal schooling.

Currently, 1,534 Micro Learning Centres operate across 18 states, supporting over 64,000 children.

mainly in urban slum areas. UNICEF estimates indicate that nearly 20 million children in India live on the streets, over 80 percent of them in urban centres.

Commenting on the initiative, Malabar Group chairman M.P. Ahamed said the expansion reflects the Group's responsibility to ensure access to food, education and social reintegration for vulnerable children, adding that businesses must play an active role in creating

long-term social impact. Malabar Group allocates five percent of its profits to social responsibility initiatives. Under Hunger Free World, it provides daily meals to over 115,000 beneficiaries in India, Zambia and Ethiopia, while the Grandma Home project offers shelter and care to underprivileged women. The Group has invested over Rs.376 crore in CSR programmes, impacting more than 1.8 million people.

Star Health reports PAT of Rs. 449 cr

Chennai, Feb. 3: Star Health and Allied Insurance Company Limited, India's largest standalone health insurer, reported a Profit After Tax (PAT) of Rs.449 crore for and up to the third quarter of FY 2025-26, registering a 414% year-on-year growth under Ind AS accounting. The performance was driven by strong premium growth, improved loss ratio and better operating efficiency.

For Q3 FY26, the company recorded Gross Written Premium (GWP) of Rs.5,047 crore, a 23% YoY increase. Total GWP rose 27% YoY to Rs.4,838 crore, supported by 60% growth in fresh

retail premiums. For the nine months ended FY26, GWP stood at Rs.13,856 crore, reflecting a 16% growth.

Commenting on the results, Mr. Anand Roy, CEO & Managing Director, said Star Health remains focused on strengthening its leadership in retail health insurance through disciplined underwriting, prudent expense management and technology-led delivery. He added that improvements in operating metrics and a healthy investment yield of 9.6% reflect the company's emphasis on sustainable, value-accretive growth.

City Union Bank reports 16% rise in net profit at Rs. 332 cr

Chennai, Feb. 3: Tamil Nadu-based City Union Bank reported a 16% increase in net profit, rising to Rs.332 crore in the December quarter (Q3 FY26) from Rs.286 crore in the corresponding period last year, supported by higher net interest income and improved asset quality.

The bank's net interest income (NII) grew 28% year-on-year to Rs.752 crore in Q3 FY26 from Rs.588 crore in Q3 FY25, reflecting stronger lending performance. CUB's business growth remained robust, with deposits rising 21.0% to Rs.70,516 crore and advances increasing

20.79% to Rs.60,892 crore during the quarter. The bank's CASA deposits rose to Rs.19,243

Asset quality continued to improve, with gross NPAs declining to 2.17% in Q3 FY26 from 3.36% in Q3 FY25, while net NPAs fell to 0.78% from 1.42% in the year-ago period. The bank made provisions of Rs.468 crore as of December 31, 2025, compared to Rs.402 crore last year.

It also allocated Rs.2 crore towards employee costs for implementing new labour codes. City Union Bank currently operates 901 branches across India with a workforce of 8,573 employees.
